

Matt & Cat

Hello,

Thank you so much for considering adoption as an option. We both are in complete awe at the selflessness that you are showing and we hope that our story will show you how much we believe adoption is a blessed process. We hope that you will find comfort in knowing your child will be loved and safe in our home and we look forward to getting to know you more.

We have been together for nearly 22 years, and been married for over 15 of those years. Our relationship began on the side of the road (funny story) which is symbolic in a way because, much like a road, our time together has been a journey with twists and turns. We have been through our share of ups and downs but have learned along the way that the power of love and family conquers any struggle we may face. That mindset is the foundation upon which we have built our family.

Matt works as a compliance specialist for a major insurer and his job has taken us from West Michigan, to Las Vegas, and back to West Michigan again. In both Michigan and Nevada, Cat was a successful and valued volleyball coach at both the club and varsity levels. We experienced many adventures living out west, the most fulfilling of which was adopting our son, Walter.

He has been the greatest joy of our lives together and we are excited to be able to expand our family. Walter is looking forward to having a brother or sister to take care of, protect, and play with! We thank you from the bottom of our hearts for taking the time to learn about our family.
